

## ANNUAL REPORT (2019-20)

We at NDC believe in winding up the academic year as we progress towards another year filled with rewardable achievements marking the growth of our institution in all possible respects. This report briefly covers all crucial areas of functioning of institution.

Beginning with academics, we strive to offer competence based education along with also providing the students with required supportive environment to enable them to realize their ambitions. As always the academic year began with orientation of new entrants provision of guidance to them on curricular and extra curricular segments. The proficiency with which the lectures were duly and diligently delivered depicted in subsequent outstanding results of all classes. Hence, the results that we could witness this year are as follows:-

F. Y B.com- 70.30%

S. Y B.com- 91.66%

T. Y b.com – 39.48%

Since we emphasize on rendering quality education; we have ample of students willing to seek admissions. Thus the figures indicating admissions having taken place in the current year are as follows:-

F.Y B.com-431

S. Y B.com-373

T. Y B.com-233

To ensure smooth conduct of examination, has always been on the priority list of ever-sincere staff who without fail as a team look after the whole process by employing a method of maintaining a weekly track of quality and quantity of knowledge so imparted to the students.

On the cultural front a cultural week called Nirmal Week is organized every year with a lot of Zeal where different special and unique days are held to ensure that our students remain active in such co-curricular activities too as much as they are in academics. Annual Day called 'Milap' is organized every year wherein students display their talents through various skills displaying their spirit in various activities like dancing, singing, and other traits. This year too Milap was held wherein yet again, students could find themselves displaying their talents through all forms of creative pursuits.

An Annual Sports Day too is held every year at Poin-sur Gymkhana witnessing maximum number of participation under the able guidance of the sports Co-ordinator. The events are divided into two parts & days :-Indoor & Outdoor sports event, Indoor events competition include carom and chess; and outdoor events usually include Running Race, Shot Put, Javelin Throw, Long Jump, Kabaddi and Cricket with huge participation from students. Owing to pandemic situation through, we could not hold any such events.

Our students' never ending enthusiasm too, is displayed while they participate in inter collegiate sports events organized by various colleges including Cricket and Kabaddi tournaments, etc.

To ensure that we perceive it not just as a cause to boast of our efforts; we keep arranging for various orientation programmes as well as inviting over recruitment and placement agencies to ensure that our sincere efforts do not remain confined only to provide them with textual knowledge and just obtaining their degrees but also to be able to make fruitful and positive differences in their lives who; though are not from financially sound back grounds but can still fulfill their dreams of watching themselves climbing ladder of success. This year the said unit incharges arranged for a trip and stay to Medhe village located in nearby areas of Maharashtra wherein students were expected to indulge in activities resulting in development of the area and its residents, volunteers also undertook making and distribution of paper bags to local vendors keeping in consideration environmental issues of concern. In addition a Pulse Polio Drive was held with the help of NSS volunteers in area called Ekta nagar in Kandivali, other such activities happen on a regular basis every year.

For keeping the parents updated a parent teacher meeting is organized every year for all classes wherein parents are informed about regulations to be followed while their wards are a part of our institution, our attendance and examination related policies and other related matters, etc. In the wake of benefit of female students, a Women Development Cell has been formed wherein all possible effort activities are undertaken to ensure that they are able to reap benefits which also includes providing guidance, solving their grievances, motivating them to be self-dependent; as also arranging seminars by doctors to address their physical issues. Keeping in sync with the zeal of also being able to infuse necessary skills required to adapt to outside world both for teachers and students. We conducted a conference on Intellectual Property Rights wherein Dr. S.K Raju and Dr. Hema Mehta as a keynote speaker were invited as a guest speakers: who shared their knowledge on the said subject with those present.

We, at NDC with all our hearts and sincere endeavors ensure to imbibe in our students a true spirit of soaking in the knowledge so imparted to them and implement the same to the best possible usage positively contributing towards theirs and society's wholesome development.

A handwritten signature in blue ink, appearing to be "S. K. Raju".

## NIRMAL DEGREE COLLEGE OF COMMERCE

### **ANNUAL REPORT 2020 - 2021**

This year though being a difficult one to convince students to step out for admissions due to also financial constraints owing to pandemics, our staff made it sure to keep in touch with students through calls & social media & asking them for seek admissions & not let the academic year go waste this we could witness sought as follows.

F.Y B.COM-141

S.Y B.COM-336

T.Y B.COM-320

As the Head of the institution and also for being in the noble profession, I invariably feel proud of achievements and happenings having taken place in the year 2020-21 that has been made possible by my immensely dedicated teaching and non – teaching team members. I also take pride in sharing that we could sail through the rough weathers and still could manage to do our best in terms of academics and other activities. Remaining always true to our motto of serving in our own ways. We try our best to society to ensure that education reaches maximum number of students.

Our students too did not let the tough times hamper their spirits and a passing percentage of 97.18% could be thus achieved in TYBCOM. Similarly FYBCOM and SYBCOM Students passing percentage came out to be 87.94% and 91.96%

Though it was a little uncomfortable and also not very feasible method, but our lectures began holding lectures through online mode using Zoom and Google platforms; and got used to the said methods in no time. They ensured using PPT presentations for better explanation of concepts keeping in consideration that no eye contact with students was possible that happens to be otherwise necessary while physical delivery of lectures. Usage of other social media platforms like Google Classrooms and WhatsApp were made use of, to remain regularly connected with students that aided in conveying important messages, details, circulars, examination / admission related information, assignments, other notices and activities. We could conduct all semesters examination smoothly through hiring softwares especially designed for the said purpose and conveying the working of same to students by duly holding mock examinations for their better understanding of the manner in which they could utilize this time to their benefit. Having said this, I can also very conveniently boast of the fact that no stones were left unturned to ensure that no amount of cheating practices were hence found during examinations. This was made possible by the efforts of my ever vigilant staff members of Examination Committee with the help of the said software. Library too, was made accessible to students at certain intervals so as to make the books available and also ensure their safety at the same time. Remaining always true to our of / society in our own ways. We try best to ensure that education reaches no of those.

Since this year happened to be time in which many virtual meetings, conferences, workshops etc. took place, a One Day State Level Webinar was organized by institution wherein Dr. Kanchan Fulmali was invited over to speak on E-Learning and E-Content. Staff members too kept updating upon their knowledge by attending webinars attended by other institution. Also, all are in

process of presenting their research papers in various journals and updating their PhD related proceedings.

In between, our proceedings related to NAAC / IQAC kept on moving further and all Criteria heads made it a point to not allow the situation of pandemic dampen their spirits and worked incessantly towards completion of all related activities as were deemed necessary for swift functioning.

Our Cultural team too remained on their toes to hold many occasions of importance through online mode, not letting external conditions take a toll on amount of cultural activities necessary for students to get exposed to, for their overall development. Ambedkar Jayanti is no less than a festival for us & that is why we make it a point to celebrate it with full enjoy every year. This year too it was celebrated this online mode ensuring speeches & progress by lectures.

All through the year, my team members were also in the process of counseling students to beat these trying times by engaging them through assignments, projects etc. and also through remaining in constant touch with them during admission process and making available for them the facility of payment of fees in installments.

Similarly, WDC head & its team ensures that Rubella Vaccination Drive is held to keep females health under check.

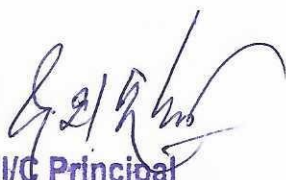

To make sure that society gets its due from our being responsible citizens, We are also associated with an "Organization" called Deeds Group wherein students with hearing disabilities are taught by specially trained in teaching in their language and are awarded degree by our institution.

NSS Cell of our institution remains active throughout the year in this year they were involved in activities like lending helping hand during Ganpati immersions

to Traffic officials Yoga Day having been conducted online for 15 days & attended by our volunteers other such activities.

With a very dedicated and proactive teaching faculties and administrative staff and a very supportive management to support me; I am sure of our institution growing manifolds in the times to come and with this I take this opportunity to thank all those who have been thus mentioned.
